

OUR FESTIVALS

Five exciting Festivals for choirs and orchestras of every category, with the common goal of creating opportunities for cultural exchange between different artistic traditions.

Our concept is to create a wonderful interpenetration between music from all over the world and the magical venues of Florence, rich in masterpieces of the Great Masters of Renaissance.

Our motto is "Prima la Musica", "Music First": Final Concerts with all participating choirs and orchestras, conducted by renowned conductors, internationally recognized Jury members, available for exciting workshops. And also: Grand Piano in all venues, professional video and audio recordings, stage rehearsals for all participants.

Other feature of our Festivals is to provide significant money prizes, valuable trophies and medals, faithful reproductions of masterpieces like "La Battaglia di Anghiari" by Leonardo Da Vinci, "David" by Andrea Del Verrocchio and "Il Fiorino d'oro", Florentine medieval pure gold coin.
